GREETINGS FROM BOSTON!

David Knapp

Dear Members of Nihon Boston Kai:

It is an honor and a pleasure to have this opportunity to address members of the Nihon Boston Kai.

When I was in Tokyo the end of May, I had the pleasure and opportunity to meet with Mr. Nobu Kondo, who served as a vice President of the Japan Society of Boston when he was in Boston several years ago. During the course of our conversation, I was very pleased to learn about the Nihon Boston Kai. I am impressed that for those who have lived and worked here, Massachusetts and the friendships and associations formed while living here remain a strong and important part of your lives here.

As many of you may know, Japan Society of Boston has continued to play an increasingly active role in educating our community about Japan and bringing Japanese and Americans together through our activities, programs and services. After a very successful yearlong series of programs celebrating the Society's

90th Anniversary in 1994, we have begun to look towards the Centennial of the Society in 2004 and put in place plans to ensure that the organization continues to be vital well beyond this important anniversary.

One of our goals is to attract the younger generation, both Americans and Japanese, to the Society.

Another is to make the organization more accessible. We took a big step forward in working to accomplish both of those goals in setting up a presence on the worldwide web.

We do hope that if you plan to visit Boston you will let us know and in the meantime come visit us at www.us-japan.org/japanboston.

Best wishes to all the members of the Nihon Boston Kai from all of us in Boston.

Sincerely,

The Japan Society of Boston, Inc.

David Knapp
